

Dear Missions Pastor:

Greetings! My name is Pastor David Butera. I am the founder and President of New Day Life Church (NDLC). Our organization's mission is to provide a faith-based approach to help those affected by addiction and addictive behaviors. Our goal is to help support an individual's growth, help them overcome issues, and assist them to become self-sufficient and socially responsible.

We believe it is necessary that the addict and their family understand addictive behaviors and addictive signs to gain a much-needed understanding on how to approach such a personal situation. Also, we believe that God, through the power of the Holy Spirit, will help in this fight through faith in Jesus Christ and His church, which are integral parts in helping of individuals overcoming addiction.

We offer an educational outreach presentation to the community in your church, with a follow-up evangelical preaching sermon that evening, or the next day, for those who have been invited to attend the presentation as well as the entire church. We believe that the entirety of the presentation and evangelical event will help bring those in the community to a relationship with members of the church and the salvation of Jesus Christ. NDLC can help grow your church by utilizing these sessions as a much-needed evangelical outreach tool to your local community for them to gain knowledge about this addiction problem plaguing our society.

To prepare your church for an outreach and presentation (whether large or small), signage can be used, such as prayer promise cards, flyers, and posters (see attached examples). These can be placed within the church and posted throughout community locations, such as businesses, schools, coffee houses, libraries, etc.

A typical session lasts 2 hours with a refreshment break, which will allow members of the church and community to engage in conversation, share experiences, and develop community relations.

It is a blessing to have your church consider NDLC as a resource to help families understand this epidemic and help evangelize to your community. Please visit our website and Facebook page for more information, and please feel free to contact me personally at (401) 474-3428. Thank you for your consideration, prayer, and support for our mission.

Blessings,

Pastor David Butera
